CURES QUICKLY.

Don't Have to Wait for Weeks. A Norway Illustration.

Waiting is discouraging. Prompt action pleases everybody.

A burden on the back is a heavy weight.

Hard to bear day after day.

Lifting weight, removing the burden.

Brings appreciating responses.

Norway people tell of it.

Tell of relief that's quick and sure.

Here's a case of it.

Mrs. Julian Brown, Danforth St., Norway, Me., says: "I suffered from disordered kidneys for more than five years. I was treated by physicians and I took a great many remedies in an effort to find relief, but to no avail. About three months ago I was reading the testimonial given by different persons who had used Doan's Kidney Pills and I decided to try this remedy. I procured a supply at Stone's Drug Store and am now using my 5th box.

Doan's Kidney Pills did for me what no other treatment or remedy had previously accomplished and I am grateful for the benefit I have received." 14-15

CARD OF THANKS.

West Paris, Me., March 28, 1911.

WEST PARIS.

One of Our Flourishing Villages.

According to the last census returns, Paris has made a healthy growth in population, a good proportion of this increase probably being made at the village of West Paris, one of the growing sections of the town. This little village is on the Grand Trunk Railroad, eight miles from the main town proper, and since the Paris Manufacturing Company acquired the mill property here several years ago the village has grown steadily.

This factory gives employment to between 30 and 60 hands at different times of the year.

But few of the finished products are manufactured here, the sawed pieces being shipped to the main factory at South Paris, where they are put together.

L. M. Mann & Son have their main clothing factory at this village and give steady employment to about 20 hands. Irish & Wardwell have a die block factory which employs about 10 hands, and there are numerous smaller industries.

There are ten well conducted stores, three churches, a fine public hall erected by the West Paris Grange at a cost of \$5,000, a fine post-office building and a number of modern residences which would be a credit to much larger places. During the past ten years much building has been done here. New streets have been laid out, sidewalks built and a fire protection system has been installed.

L. C. Bates, President of the Paris Manufacturing Company, has been a prime mover in most of these improvements and to his interest and energy the village owes its present prosperity.

West Paris is a shipping point and trade center for a considerable area, and with its fine location and solid industries will probably continue to rank next in size to the main village town of South Paris.

BETHEL.
Fiftieth Wedding Anniversary.
Mr. and Mrs. J. C. Billings, well known
residents of Bethel celebrated their fiftieth
wedding anniversary Monday even-
ing, March 27th.

Mrs. Billings' maiden name was Sarah
Frances Kilgore. She was the daughter
of Freehand and Susan Kilgore and was
born at Bethel in May 1845. Much of
her childhood was spent at Milton Plan-
tation. Mr. Billings was the son of Silas
and Susan Billings and was born at
Woodstock, May 8, 1840.

They were married at Farmington by
Elder A. S. Ladd on March 26, 1861.
They first lived at Woodstock where Mr.
Billings was a successful carriage and
blacksmith. Forty-two years ago they
moved to Bethel and have lived
here continuously in their attractive
home on Mechanic St. Mr. Billings
followed his occupation of blacksmith
until he was appointed postmaster to
succeed G. R. Wiley in 1898 and still
holds that position to the satisfaction of
the people.

Of their two children, Robert, born at
Woodstock, Aug. 14, 1868, married Alice
M. Sturges in 1907. He is a physician
born Sept. 13, 1868, died Dec. 7, 1906.
She was a successful music teacher for
many years holding that position in con-
nection with Gould Academy until obli-
gated to resign on account of failing health.
She was a musician of much ability on
piano and violin.

Robert is a successful druggist in Dor-
chester, Mass., and has two sons, Lewis,
age 17 years, Clarence age 4 years.

Lewis inherits much of the musical
ability of his father and enjoys playing
the clarinet. He is very popular with
his associates and a great help in all
musical gatherings among his school-
mates.

Mr. Billings, sr., has for many years
been a prominent member of Bethel
Lodge, F. & A. M., No. 97. He is past
master and has also held other offices

Don't Be Bald.
Nearly Anyone May Secure a Splendid
Growth of Hair.
We have a remedy that has a record
of growing hair and curing baldness in
98 out of every 100 cases where used
according to directions for a reasonable
length of time. That may seem like a
strong statement—it is, and we mean it
to be, and no one should doubt it until
they have put our claims to an actual
test.

We are so certain Rexall's "93" Hair
Tonic will cure dandruff, prevent hair-
loss, stimulate the scalp and hair roots,
stop falling hair and grow new hair that
we personally give our positive guarantee
to refund every penny paid for it in
every instance where it does not give
entire satisfaction to the user.

and what is most important, of good marketable quality.
That's what counts in potato growing.

Essex Potato Fertilizers
have an unbroken record of success wherever used properly.
They are in special favor with the potato growers of Northern
New England.

"I received excellent results from your Potato goods this past
season, and had a lot of fine tubers, in fact the best raised in this
vicinity. Your fertilizers can be depended upon to grow satis-
factory crops."
H. B. ELLIS, North Anson, Maine.

CROP WAS LARGEST EVER RAISED.
"I have sold your fertilizers for about ten years and have never
seen anything that has given better results. The crops grown this
year on Complete for Potato Roots and Vegetables was very sat-
isfactory. The season was dry and the potato crop was expected
to be a failure, but on the contrary, the crop was the largest ever
raised. This I know to be the fact, because I went into the fields
in harvest time and know it true."

Mrs. Agnes E. Woodbury.
Mrs. Agnes E. Woodbury, age 69 years, 3 months and 22 days, widow of George W. Woodbury, formerly of North Waterford, died at the home of her daughter, Mrs. Harry W. Saunders, Sandy Creek, Bridgton, March 28. Burial at Sweden.

GREENWOOD.

First One Thing and Then Another.
Wednesday, March 29th, was the date. There are several people in Greenwood who will remember it for some time, possibly a little longer than some time. Will Farr started things moving by getting tangled up with a good citizen at Emmons' mill, having one finger nearly severed and two others badly injured. It was a bad injury and a doctor's services, of course, were in immediate demand. It happened the only doctor in West Paris, home was at Walter Emmons', where Herman Emmons had been taken down with pneumonia. It took some time to discover that and several excited persons kept the telephones busy until the doctor was located.

To save time he thought that Mr. Farr had better drive to town and have his injuries attended there. Edgar Morgan's horse was accordingly pressed into service as being able to deliver the goods in the speed of light. All went well until Willis' mill was reached, when the horse acted queerly. Allan Cole was driving. He stopped the horse, Mr. Farr stepped up to his head and made a grab for the bridle, forgetting his husband using that head, of course starting his horse and bleeding afresh. In any event he was too late to do any good for the horse toppled over and was dead when he struck the ground. A team was summoned from West Paris, Mr. Farr was taken there and his head attended to. He is getting along nicely but it will be some time before he does any more work.

In the meantime, Mabel Cole and daughter Bernice had started out to carry groceries to Greenwood Center for Sylvester Cole. A short time after he was called up by Arthur Tracey, who said that the water was several feet deep across the road a short distance from his place and the grocery team could get no further and from the crying of the child Bernice he feared she was in the water. He could not get to the team.

Then there was more excitement and a lot of it. Telephones ringing continually and people hurrying from all directions to scene of disaster. The first team met Mrs. Cole returning, she having assisted turned around the team, where turning looked impossible. The child was screaming at the time for fear the horse would step on her, not having so much as wet her feet. All's well that ends well. Another day or two like the above would give some of us nervous prostration.

All kinds of illnesses in town. At this writing measles is far and away in the lead with victims a score or more, some young, some old.

From present appearances it would seem that, while many have tapped trees in their maple orchards, those who have a fondness for this variety of sweets will have to wait awhile longer.

Mr. and Mrs. Sewall Millett are sick with the measles. Owing to their age the disease has gone hard with them and at one time it was reported that it might terminate fatally with both. At this writing a slight improvement has taken place.

At this date, April 31, one year ago people were plowing in this vicinity; to day or rather this morning the thermometer registered seven above zero and there is three feet of snow on a level, and six more inches fell Tuesday night. One year ago ice left the pond April 6; to day people were cutting ice and filling their ice houses with good quality of the same over two feet thick. Such are the vagaries of Maine winters.

A double birthday party was held at the residence of Mr. and Mrs. J. W. Cummings, Saturday night. Mrs. Cummings' natal day coming on that date, as also does that of Arthur S. Cummings. Mr. Cummings came up from Portland on Sunday to be present on the occasion. A pleasant time with games and refreshments was enjoyed by all present. Naturally the games were of a nature to get one entrapped in the usual April fool net.

If one can find no other form of sport, let us recommend hunting brown tail moths nests some frosty morning on the crust. Fine exercise and from all reports plenty of it. There has been a large increase in the number of nests found this year in this locality. By the way, would it not be pertinent to inquire of the authorities why it would not be a good plan to enforce the law upon non-resident taxpayers as well as those in town. To what purpose is it that I gather the nests on my farm, while the resident with a large property with a thousand apple trees infested with the pests allows them to hatch and grow to maturity.

BETTER PAINT

Better paint if you need to. The extra cost this year is \$5 more than last year for average jobs 10 gallons Devoe.

Buy your own paint; employ a good painter; pay him the going price by the day, \$3 or \$4; and tell him to brush it out well. Don't economize. That costs money.

This is how to reckon: Devoe 10 gallons, at \$2.25, is \$22.50. The work, 10 days, at \$3 is \$30. Add paint and labor: \$52.50. This is right.

Economizing. Buy "cheap" paint at \$1.75. It'll take 15 gallons: \$26.25. The work is \$45. Add paint and labor: \$71.25.

"Cheap" paint is dear when the painter is paid; it is dearer yet when you paint next time; you'd skip that time with Devoe.

Mr. Fuller is in good health, and has not missed a day this winter in going to the barn to care for his stock, which consists of a horse, cow, pig and forty hens. One some of the oldest mornings his neighbors have assisted him about his chores. His horse, Nellie Blossom, which he raised, is 27 raised.

Mr. Fuller is a descendant of Dr. Samuel Fuller, who came over in the Mayflower. His grandfather, Isaac Fuller, was a soldier in the Revolutionary war. Mr. Fuller served in the Civil war, being in the First Maine Battalion and was with Sherman in his famous march to the Sea. He also served in the Aroostook war.

He was one of a family of twelve children, the seventh son of Capt. Isaac Fuller and Sally (Ames) Fuller. There were nine boys whose names all began with E. Edward, Ezekiel, Ephraim, Elmer, Elbridge, Escoe, Elton, Emory, and Ellery.

There were three girls, Adeline, Adeline and Aretusa. Eight members of the family lived to be over 80 years of age. His brother Emory died two years ago at North Turner, leaving Elonzo the sole surviving member of the family. His father and mother are buried in the old cemetery near his home and he has a tombstone set there for himself. On it is the inscription, "Elonzo Fuller. Born in 1819. A son of Capt. Isaac Fuller. A soldier of two wars."

Alfred E. Stone.

The many friends of Alfred E. Stone, who for several months had resided in Westbrook, were shocked on Friday, Feb. 24, to hear of his sudden death after an illness of only two days of pneumonia. Mr. Stone was prominent on the electric of the Westbrook Division of Portland R. R. Co. His family were moved there last August.

It was the writer's privilege to be with the family a few days and meet many of his neighbors and friends; also business people with whom they had dealings, and everyone held Mr. Stone and family in high esteem. It was remarked by several that he never known a family in town for so short a time who was so popular, so well liked and respected as Mr. Stone and family. The numerous tokens of love and kindness manifested toward Mrs. Stone during the dark sorrowful days following Mr. Stone's death, surely proved their words sincere.

On Sunday, Feb. 26, were held funeral services at the home. The rooms were all filled with neighbors and friends with one room reserved for about twelve car men. Rev. Mr. Hudson, pastor of the Congregational church of which they attended, made remarks and offered prayer.

The floral tributes were many and beautiful. Eight large valuable pieces from near relatives, beside many flowers from neighbors and friends. Prominent among the flowers was a beautiful piece from the order of the Knights of Pythias, of which Mr. Stone was Past Chancellor, and another from Frederick Robie Grange, Otisfield, of which he was Past Master.

On Monday the funeral services were held at the Free Baptist church in Otisfield. Rev. S. Eaton, pastor of Oxford Congregational church, spoke comforting words to the sorrowful friends. Excellent music was furnished by the Oxford choir, G. H. Jones, leader. The burial service of the Craigie lodge of K. Ps, was conducted by Frank Walker (Prelate). The bearers were also members of the Order. The floral tributes were many and beautiful, from friends in Otisfield, among them a bouquet of 39 pinkies from Golden Rule Society of I. S. S.

The severe illness of Mrs. Stone at this time made an addition, which all felt, to the deep sorrow. Mrs. Stone was suffering with erysipelas for some time, but at the present time is gaining and soon we hope to have her in town with her many friends here.
